

Chi-nnati's Pizza

Cincinnati, Ohio

Architect: FRCH Design Worldwide
Duration: 5 Months

Fulfilling the dream of two brothers, Chi-nnati's Pizza is a one-of-a-kind destination in Cincinnati. Oswald Company converted a former Mexican eatery into an upscale restaurant offering Chicago deep dish pizza, sausage sandwiches, and hot dogs, as well as thin crust pies. Chi-nnati's has a full bar and a carry out counter. The restaurant's design mixes nostalgia and raw urban style with its rich colors and finishes.
